HUMAN ORGANS

Note : Be aware that we are no way responsible for your choice.

We do not sell organs ourselves. The fees that you will pay here, is to put you in contact with a safe person, professional in the field.

we have partners in different parts of the world, capable of providing specific human organs. They prefer deal directly with the applicants. So our role here is to put you in touch with a trusted person. Believe us, they are very few. To have the contacts, you must press the "order" button, fill out the form with some information (the field region, is just to be able to put you in touch with the partner closest to you) and pay the amount. When he contacts you, give him the reference of your order.

For any question, message us through the message section.
